20 DECLARATION OF WILLIAM J. FECCIA

21
22 I, William J. Feccia, declare:

23 I have personal knowledge of, and if called and sworn as a witness could and
24 would testify competently to, the following facts:

25 1. I am an attorney-at-law licensed to practice in the State of California and in
26 the Southern and Central federal districts of the State of California. I have been
27 employed by the Orange County District Attorney's Office as an attorney for over
28 thirty (30) years.

OFFICE OF THE COUNTY COUNSEL
COUNTY OF ORANGE

OFFICE OF THE COUNTY COUNSEL
COUNTY OF ORANGE

1 2. I am currently a Senior Assistant District Attorney and have occupied this
2 senior management position for over seven (7) years. I am directly supervised by
3 Defendant Anthony Rackauckas, Orange County District Attorney (the “District
4 Attorney”).

5 3. At all relevant times mentioned herein and at all times covered by the
6 allegations of the Complaint in this action, which I have reviewed, I have been employed
7 by the County of Orange in a senior, managerial position in the Office of the District
8 Attorney.

9 4. I am familiar with the Office’s practices and the manner in which it and its
10 employees carry out the duties, responsibilities and authority of the District Attorney.
11 This knowledge in part forms the basis for my statements in this declaration. In this
12 declaration, the term “District Attorney,” refers to not only the District Attorney himself
13 but also his designees and deputies who carry out his powers and duties.

14 5. The District Attorney prosecutes felonies and misdemeanors in the County
15 of Orange, but does not enforce the Rules of Court, including the Rule of Court regarding
16 the citation of unpublished case opinions, though the District Attorney may object to the
17 citation of unpublished opinion when done in the cases in which he appears.

18 6. The District Attorney does not appear in traffic cases in Orange County,
19 either in the trial courts or appellate department.

20 7. *People v. Fischetti*, (Case No. SA120279PE; Orange County Superior Court
21 Appellate Dept. Case No. 30-2008-00080937), referred to in Plaintiff’s moving papers as
22 “*Fischetti II*,” is the traffic case in which was issued the written opinion of the Superior
23 Court Appellate Dept., subsequently de-published by the California Supreme Court
24 (California Supreme Court Case No. S170231), which de-publication is the primary
25 subject of Plaintiff’s complaint.

26 8. The District Attorney did not appear in either the trial court proceedings, or
27 the Superior Court Appellate Dept. proceedings, of the “*Fischetti II*” case.

	4	APDNC	Defendant not present in court.
	5	CORCR	The Court has reviewed correspondence and rules as follows:
	6	TEXT	The Court rules as follows: Following trial, defendant appeared ex parte and without notice to the people requesting a stay of sentence pending appeal. The request was denied without prejudice. The defendant subsequently submitted a written request (once again without notice to the people). However, because defendant had in the interim filed a notice of appeal, the trial court lacked jurisdiction to act on the request. Upon the filing of a timely and sufficient notice of appeal, jurisdiction of the cause vests in the appellate court and remains there until determination of the appeal. This means the trial court loses jurisdiction during that period to do anything in connection with the cause that may affect the judgment. People v. Getty (1975) 50 Cal.App.3d 101, 107. Therefore, defendant's request is properly directed to the appellate department pursuant to California Rule of Court 8.312. While the discretion of the trial judge should be exercised in favor of granting a stay where there is room for an honest difference of opinion whether reversible error can be shown, as would appear to be the case here, such relief at this time must come from the appellate department.

CASE NO. 30-2008-00080937

JUDGMENT ON APPEAL
from the
SUPERIOR COURT
of
ORANGE COUNTY
CENTRAL JUSTICE CENTER

HON. GLENN MONDO
COMMISSIONER

Based upon evidence obtained via an automated photographic enforcement system, appellant was convicted of failing to stop for a red signal, in violation of Vehicle Code § 21453(a). The record discloses that the City of Santa Ana sought to comply with warning requirements of Vehicle Code § 21455.5(b) by issuing warning notices only for the first photographic enforcement cameras installed within the City.

The trial court's determination that the City complied with § 21455.5(b) is inconsistent with the structure and purpose of the statute as a whole. Because § 21455.5(a) provides that "the intersection" may be equipped with an automated enforcement system, "automated enforcement system" in § 21455.5(b) cannot refer to a municipality's overall automated enforcement plan, but must instead refer to each individual automated system operated at an intersection within the municipal jurisdiction. The

1 "dictionary" definition of the word "system" (e.g., Merriam-
2 Webster's Collegiate Dictionary (10th ed. 1993), p. 1194) does
3 not comport with the trial court's analysis and conclusion, in
4 the absence of any evidence that the sets of equipment located
5 variously at intersections throughout the City are somehow
6 interactive with, or dependent upon, each other - if such
7 systemic interaction were necessary, operation of automated
8 enforcement equipment at a lone intersection would be impossible.
9 From the perspective of the motorists for whom the statutory
10 requirements were intended to provide protection, it would not
11 make sense for the geographic scope of the 30-day warning period
12 to be determined arbitrarily by the size of the municipality
13 operating the automated enforcement system. The Legislature in
14 2003 rejected an amendment to SB 780 which would have expressly
15 provided for the warning period of § 21455.5(b) to occur "during
16 the first 30 days after the first recording unit is installed,"
17 and the omission of this language from the amendments enacted in
18 that year is indicative of a legislative intention to avoid
19 linkage of the 30-day warning period with a municipality's
20 initial installation of automated enforcement equipment. (City of
21 Santa Cruz v. Municipal Court (1989) 49 Cal.3d 74, 88-89.)
22 Because under § 21455.5(b) compliance is required "[p]rior to
23 issuing citations under this section," the City exceeded its
24 jurisdiction by commencing the prosecution of appellant without
25 having complied with the warning requirements.
